SRN News, Moody-1 Schedule changes on Moody Radio | July 2

As we mentioned in our [May 3rd communication](#), Effective July 1, 2022, Salem Media will be the marketing agent and distributor of all SRN News products, including the Noncommercial SRN News. Moody Radio is also working with World Radio to provide newscasts should you decide to include them in your daily schedule.

Salem Radio Network is willing and able to continue providing you with SRN Newscasts without interruption. You'll need to reach out to your SRN affiliate rep listed below to learn how you can continue as an SRN News affiliate.

To help you through this change should you desire to continue carrying SRN News, **we are leaving all Moody-1 Network breaks and network relays in place.** You'll be able to program your automation system to transition from Moody-1 to your SRN receiver and back.

The News Addendum to the Moody Radio Affiliation Agreement will terminate effective June 30, 2022. The final invoice and billing for News from Moody Radio will be issued in early June, which will cover all SRN News programming through July 1, 2022.

World Newscasts being offered through Moody Radio | July 4

World News Group - "*Biblically objective journalism that informs, educates, and inspires.*"

Moody Radio is working to provide you with an initial two newscasts (3-minutes each) Monday through Friday. These will be available beginning the week of July 4 via Moody-1 at 5:55 a.m. and 7:55 a.m. Central Time. We will also make these available through the Moody Radio Affiliate FTP site for your convenience. This fall we anticipate being able to offer several more newscasts later in the day.

Rather than seeking financial payment for these newscasts we are working with World on a "Trade" of mentions and possibly occasional promos to alert listeners to the resources available from **World**.

Over the last four months **World** has redesigned the entire editorial process across all their platforms. They have created a breaking news division at WORLD, supplying coverage for all their platforms and products and are adding two new "breaking news reporters" with more to come. At the same time, they are strengthening their beat-reporter staff, steps to allow them to better cover breaking news as it happens—both on the radio, and on the web.

World envisions additional offerings like breaking news bulletins, occasional special reports, and pre-produced audio features you can use at your discretion during morning or afternoon drive programs. They are also looking at additional text-based digital news offerings for station announcers and hosts (e.g., show-prep resources providing background and context for ongoing stories).

We are providing a revised Proposed Moody-1 Program Schedule July 2, 2022, denoting the placement of two **World News Group** newscasts at 5:55 a.m. and 7:55 a.m. CT, Monday through Friday.

Be sure to make note of the “[PROGRAMS](#)” tab in the ***Proposed Moody-1 Program Schedule July 1, 2022*** document. This shows where you will find access to the features being used throughout the day on Moody-1.

The following links will open the individual tabs from the above Moody-1 Schedule spreadsheet’s individual tabs as printer-friendly PDFs:

Program Clock revision for MoneyWise Live coming | June 6

In order to improve some aspects of the production of [MoneyWise Live](#) on Moody-1, the floating three-minute breaks that have been located in the break windows at 3:14-3:20 p.m. and 3:40-3:46 p.m. CT are being changed to hard breaks at exactly 3:17:00 and 3:40:00 p.m. CT. The NR2 Break Relays will move to exactly 3:17 and 3:40 p.m. CT. A new program clock effective Monday, June 6 with mark-ups showing these changes is at this link on our [Resources](#) web page:

***Unlocking the Bible* becomes *Open the Bible* | June 6**

We’ve recently received word that the producers of ***Unlocking the Bible*** with Collin Smith will be changing the name of the daily 26-minute teaching program to ***Open the Bible***, effective June 6, 2022. Please read the document explaining how this will affect stations airing the program.
