

Water Aid Station Procedures

No Water Fights -- No Water Fights -- No Water Fights

New procedures for preparing water containers:

- Can
- Black Liner
- White Clear Liner
- Keep the water containers behind the tables.
- Always keep the water containers covered with cardboard when not using them to fill cups.

No Water Fights -- No Water Fights -- No Water Fights

Sanitary procedures for handling water:

1. You must use hand sanitizers on your hands prior to putting on gloves.
2. Dry your hands with paper towels.
3. Put latex gloves on your hands.

No Water Fights -- No Water Fights -- No Water Fights

Once the gloves are on your hands, do NOT:

- Touch your hair.
- Touch your face.
- Eat food.
- Use the restroom.

No Water Fights -- No Water Fights -- No Water Fights

If you do any of the following listed above, you must repeat Steps 1 through 3.

- If a cup falls on the ground, leave it.
- Don't reach over cups that have already been filled with water.
- The person filling the cups with water cannot hand water out to the runners.
- When handling cups with or without water, **do not ever put fingers/hands in the cups.** Avoid contact with runners when handing out water.
- Work in a safe manner at all times.
