# If you do any of the following listed above, you must repeat Steps 1 through 3.

- If a cup falls on the ground, leave it.
- Don't reach over cups that have already been filled with water.
- The person filling the cups with water cannot hand water out to the runners.
- When handling cups with or without water, <u>do not ever put fingers/hands</u> <u>in the cups.</u> Avoid contact with runners when handing out water.
- Work in a safe manner at all times.
